

For of loop:

```
var str = "anjaneyulu";  
var count=0;  
for(var i of str)  
{  
  count++;  
}  
console.log("length of the string is : " + count)  
output:10
```

2.for in loop:

```
var str = "harianji";  
var count=0;  
for(var i in str)  
{  
  count++;  
}  
console.log("length of the string is : " + count)
```

output:8

3.forloop:

```
var str = "ramcharan";  
var p=0;  
for( p=0;p<str.length;p++){  
  
}  
console.log("the length of the string is:",p);  
output:9
```
